1. Up with the star-ry banner. Down with the stars and bars. God bless the flag that's floated in three successful wars.
2. Up with the star-ry banner. Down with the trait-or foe. Government our fathers made is the only one we know.

**CHORUS.**

**Air.**

Up with our nations' banner, The glorious stripes and

**Alto.**

Up with our nation's banner, The glorious stripes and

**Tenor.**

Up with our nations' banner, The glorious stripes and

**Bass.**

Up with our nation's banner, The glorious stripes and
Up with the starry banner,
Forever let it fly,
A sign of hope to nations far
A beacon in the sky.

Up with the starry banner,
The banner of our love,
That came to us by angel hands
From regions far above.

Up with the starry banner,
Let it float over the land
Aye, from the broad St. Lawrence
Unto the Rio Grande.

Up with the starry banner,
With not a star obscured
But purified and hallowed
In all it hath endured.
